they have not given any details and they are reluctant to listen to our grievances. It seems the Returning Officer and the AROs are not conducting the Polls fairly and honestly. To our knowledge and information, they are involved in the conspiracy of not sending the ballot papers to our State. Hence I request the kind Officer to order an enquiry into this matter immediately and bring out the facts in front of all Veterinarians and do justice by sending Ballot papers to each and every Veterinarian who are on the Veterinary Council of India Electoral Roll 2009.

Thanking you Sir.
